

IT Internship Programme

Location: The Netherlands, Noordwijk, Sapienza Consulting - SBIC

Deadline: ASAP

Reference: SAP-SBIC-ITI-001

Contract duration: 6 months

Salary: TBC

Internships are the best way to gain knowledge, skills and experience "on the field" while developing a valuable networking for your career. At Sapienza, we have established a common practice of integrating in our teams, students who are looking to put creativity and motivation to work.

We offer a dynamic environment working on a successful portfolio of products with a large variety of technology. We operate in a truly agile way (daily standup, story points, velocity, Poker estimation) in an international team composed of Product Owners, Architects, System Administrators, Developers and Testers.

We are continuously looking for an addition to our software development team. In addition we are currently looking for Java/Web developers, UI/UX Designers, Testers and System Administrators.

Responsibilities of the IT Intern:

- Join the DEV team to brainstorm on features, solve problems, contribute to a very successful product, the ECLIPSE Software Suite
- Development typically spans new complex features, bug fixing and technical refactoring, providing a fully-fledged experience in the software engineering world
- Interns can also be involved in smaller innovative "side-projects" which may focus on prototyping new concepts or investigating emerging technology

Profile:

- Student in their final year of university, or post-graduate looking to complement their degree with a unique project
- Ideally majoring in a Computer Science degree or similar and have an interest to progress their career
- It would be considered an advantage to have knowledge of the following:
 - User Stories, Test Driven Development, Continuous Integration, UML, Design Patterns
 - Java, Linux, SQL, MongoDB, LDAP, Apache, JBoss, Tomcat
 - HTML5, Angular, JQuery, CSS, Bootstrap, XML, JSON, Ajax
 - Hibernate, Spring, Lucene, RESTful, GIT, Maven

What we offer:

- A 6 month contract with possibility to extend
- A young and international environment with a flat and informal hierarchical structure
- An environment that recognises initiative, commitment and talent and allows for growth
- Potentially, a possibility to stay
- The ability to work within a fast growing team!

Contact:

Candidates must be eligible to work in the EU

If this is of interest, please send your CV (in English) as soon as possible to jobs@sapienzaconsulting.com
